

LYNN ROAD ELEMENTARY CONSTRUCTION UPDATE

**All of the dates listed are projected dates and are subject to change. They are intended to give a general idea of completion dates to parents and staff. Scheduling of students' classrooms to be moved into the new areas is something that our principal and staff will determine and communicate to parents at a later date.*

<u>Renovation Area</u>	<u>Scheduled Substantial Completion Date</u>
Carpool Loop	08/2007 start of school year 2007-08
Playground 3-5	11/2007
Office/Administration Area	11/30/2007
Multipurpose Room (Gym)	11/30/2007
Wing D	11/30/2007
Wing E	11/30/2007
Wing B	08/2008 start of school year 2008-09
Wing C	08/2008 start of school year 2008-09
Cafeteria	08/2008 start of school year 2008-09 *Cafeteria will close April 2008 to begin construction
Playground K-2	08/2008 start of school year 2008-09 *Playground will close December 2007 due to construction
Playground Pre-K	08/2008 start of school year 2008-09
Media Center	08/2008 start of school year 2008-09 *Media Center will close Summer 2008 to begin construction

Carpool Update

The new carpool loop will be a paved road which enters the parking lot adjacent to Williams Park and runs directly behind the modular units and loops back in front of the multipurpose room where carpool students will continue to be dropped off and picked up from the right side of the vehicle.

Modular Unit Update

Beginning 2007-08 school year, all modular units will have card entry locking devices. All sidewalks from the modular units to the main building will be permanent concrete walkways instead of rock and gravel.

Playground Update

Thanks to lots of work from Dan Crandell and our school's administration, we are going to have a brand new playground including a basketball court sooner than expected for grades 3-5. The projected completion date is sometime in November 2007. It will be located roughly where the old basketball court was. A great surprise is that we are going to get a new K-2 playground as well by the end of the entire renovations project in Fall 2008. Due to renovations of Wings B and C beginning January 2008, the current K-2 playground will have to close in December 2007 and cannot reopen safely until Fall 2008.

Reminder: Always be cautious when entering and exiting the parking area either in a car or on foot, particularly during these renovations. Student safety is our number one concern.

Parents, also remind your children to stay away from construction areas, don't talk to the construction workers and report anything of concern to the teacher.

If you have questions or concerns regarding the renovations, please contact the school office at 870-4074.
