Healthy/Safe School Committee

- Stephanie Crocker - Chairperson
- Anita Rownd - Recorder

Daily Duty Free Lunch- Committee will hold off of doing anything until it is determined whether what is in place is working.

Daily Duty-Free Planning –

1. Master Schedule - Committee will hold off doing anything until it is determined whether the new plan works. It will begin October 30.
2. Dismissal – We will need to rewrite for the plan that is in place.
 3rd grade would like a place to have the 5th day of planning other than their room.
 In February we may be able to get something in place for the 5th planning time.
 2nd Grade is using the 2nd Step Program for the 5th Planning time.
 Suggestion: K-2 has thought about using the Media Center as a planning time using it for author studies or extra projects.

Safe Schools

Critical Response Plan – We will keep the one in place until we move into the new section.

Establish a school wide safety committee – A committee should be in place at this time.
